**Building strong kids ... strong families ... and strong communities ...
is the vision of the Ridgway YMCA.**

The Board of Directors, Trustees, and Staff of the Ridgway YMCA share this vision and are deeply committed to it and we hope you will be too. Each year the Board of Directors of the Ridgway YMCA is faced with many challenges. We have found that the best way to meet these challenges is through an annual sustaining campaign. The focus of this year's sustaining campaign is:

"Ridgway YMCA Healthy Communities."

In this pool.....

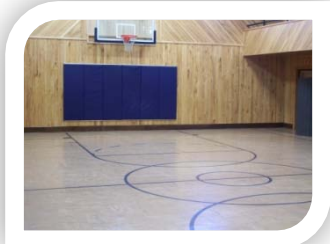

children, teens and adults come together through swim lessons, fitness programs and family fun. Through your help, together we can support people of all ages who are struggling to achieve and maintain healthier lifestyles.

\$35.00 donation will provide a child with a session of swim lessons.

\$90.00 will provide a membership for a local youth.

\$367.00 a membership for an entire year for a family in need.

On this floor.....

our youth take steps toward building confidence and self-esteem. Whether through cheerleading, gymnastics, basketball or our summer camp program our goal is to reach and involve our youth so that they can take bigger steps into adulthood.

Donation of \$75.00 will provide a child with a week of summer camp.

Donation of \$225.00 will provide a child with a season of fun and excitement through our competition cheerleading program.

In this classroom...

we provide a safe and caring environment. Your donations provide the tools we need to continue our daycare program. Arts and crafts, computer programs and a complete pre-school curriculum are made possible through donations like yours. Help us to provide a "good place to grow" for our local youth.

Please give generously so that everyone can benefit from the YMCA experience, and help us meet our goal of "no one is turned away for the inability to pay".

In our community.....

children and families begin to build stronger bonds and become more engaged with their communities. At every stage of life, YMCAs are there to help children, families and individuals reach their full potential.

Membership and program fees at the YMCA do not cover all the costs to support our vital community programs. To ensure no one is turned away for the inability to pay, we truly need donors like yourself.

By working together, we give our community the opportunity to grow stronger in spirit, mind and body. A complete campaign brochure can be found on our website at www.ymcaridgway.com. Join us and say that you will donate today. All donations are tax deductible and can be mailed to the address listed above. Thank you for caring about your YMCA.

Sincerely, *Michelle*

Michelle Bogacki
Ridgway YMCA Board President
